

Nissan 5774
April 2014

Dear Parents,

Ohr Temimim School of Buffalo is now accepting registration for current and new students in Nursery through Grade 8 for the 5775/2014-2015 school year.

Registration forms are enclosed. Please have them completed and returned by **Monday, May 12, 2014**. Forms should be mailed or handed in to the school office. Please note that all new student registrations should be accompanied by immunization and health records. See enclosed health requirements for current students.

Our student body has been growing, B"H, during the last few years and we are pleased to introduce a new class structure. The new class structure would place students within a 12 month range (Dec 1st thru Nov 30th). This grouping will be part of a preliminary trial and will be reassessed for the 2015-2016 school year. If these classes cannot be maintained, they may be reassigned as per our former arrangement of 18 month groups. It is our sincere hope that the school will continue to grow and flourish and we will be able to maintain this for years to come.

Your referrals are very important. Introduce a new family to be part of the everlasting influence the child/ren will experience. Every Jewish child deserves a Jewish education.

Feel free to call the school office at 716.568.0228 for additional information.

Thank you,

Rabbi Shmuel Shanowitz
Principal
